OPERATING HIGHLIGHTS

The Move Solutions business, which provides a diverse range of relocation products to its large customer base, has particularly benefited from a new structure and business plan.

Interstate and Local moving divisions have performed particularly well in an environment high in demand for services.

The specialist Move Dynamics broking business, servicing federal and state governments and the corporate sector, has shown consistent revenue throughout the six months to December 2006. Equally, the Project Management and Worldwide Movers businesses are exceeding targets.

OUTLOOK

The outlook for the business remains positive and the directors expect revenue and earnings to continue to be driven by the domestic and international networks.

Wridgways is actively looking for acquisition opportunities within the region; however the board will only consider assets that present a good strategic fit. The strong financial management, evident in a balance sheet with zero debt, places Wridgways in a solid negotiating position as these opportunities arise.

Yours faithfully
